

# Express Sexual Health Clinic

Western Health  
and Social Care Trust

Over 18, symptom free but want to look after your sexual health?

Like to just check you don't have an STI but can't attend during the day?

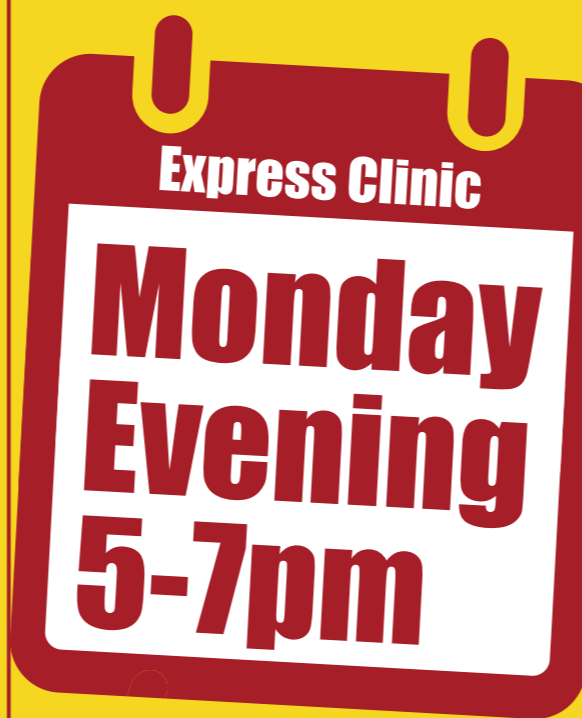

Want a test for Chlamydia and Gonorrhoea and the results within 24 hours?

10 minute visit on a Monday evening, results by lunch time Tuesday!

**028  
7161  
1269**

Book an appointment as usual with the clinic on the number below (tell us you'd like to attend the express clinic when you ring). When you attend you will answer some questions on a questionnaire (no consultation with a Doctor or Nurse). You will then take your own samples. No examination is needed.

We will offer a quick blood test if you would like an HIV or Syphilis test (everyone should have one!)

We will let you have your results by 1200 the next day by text message or phone call. (Blood tests currently excluded but they will be available within about 7 days – we are working on that though so hopefully they will be included soon!)

Of course if you don't match the criteria for the express clinic\*. Please do call and

see us so we can help you out. Details can found on the Trust website below or give us a call.

For information about GUM Services across N.Ireland and general sexual health advice log on to the [sexualhealthni](http://sexualhealthni.com) website below.

\*Strict inclusion criteria of those able to attend the express clinic are over 18 years old, have no symptoms (eg lumps or bumps, discharge, pain when you pass urine, abnormal bleeding etc) and you do not need emergency contraception or Post exposure prophylaxis for HIV.

**GUM Clinic,  
Anderson House,  
Altnagelvin Hospital  
Derry/Londonderry**
