TRUST FUNDS (ENDOWMENTS AND GIFT FUNDS)

ANNUAL REPORT 2020/2021

Annual Report of the Trustees of the Trust Funds held by the Western Health and Social Care Trust for the year ended 31 March 2021

INTRODUCTION

This is the annual report for the Trust Funds held by the Western Health and Social Care Trust ('Trust Funds') for the year from 1 April 2020 to 31 March 2021.

Under Article 91 of the Health and Personal Social Services (NI) Order 1972 (as amended by Article 6 of the Audit and Accountability (Northern Ireland) Order 2003), the Western Health and Social Care Trust is required to prepare annual accounts in respect of endowments and other property held on trust by it in a form determined by the Department of Health (DoH). This format is in accordance with the requirements of the Accounting and Reporting by Charities: statement of recommended practice applicable to charities preparing their accounts in accordance with the financial reporting standard applicable in the UK and Republic of Ireland (FRS 102) ("the charity SORP").

Structure, Governance and Management

The Trust Funds held by the Western Health and Social Care Trust are governed by the Health and Personal Social Services (NI) Order 1972. The Trust Board acts as "corporate trustee" for the Trust Funds. Trust Board Non Executive Directors are recruited by the

Department of Health in accordance with its recruitment procedures and are appointed by the Minister for Health.

The Endowments and Gifts Committee is the committee responsible for providing assurance to the Trust Board on all aspects of the stewardship and management of funds donated or bequeathed to the Trust.

The membership of the Endowments and Gifts Committee is as follows:

Dr J McPeake, Non-Executive Director, (Chair until 9 June 2020)

Rev. J McGaffin, Non Executive Director, (Chair from 6 October 2020)

Mr S Hegarty, Non-Executive Director, (to 9 June 2020)

Mr S Pollock, Chairman, (from 10 June 2020)

Mr N Guckian, Director of Finance and Contracting

Mrs A McConnell, Director of Human Resources

Mrs G McKay, Director of Acute Services

Ms K O'Brien, Director of Adult Mental Health and Disability Services

Ms E McCauley, Assistant Director of Finance and Contracting

The committee met on four occasions during 2020/21 and was fully quorate.

The committee meet to oversee the administration of the Endowments and Gifts Trust funds, their investment and disbursement.

The roles and responsibilities of the Endowments and Gifts Committee in relation to the management and governance of the Trust Funds were as follows:

- Manage funds in line with guidance in the Trust's Standing Financial Instructions, Departmental guidance and legislation;
- Provide a robust review and approve, on behalf of the Trustees, expenditure proposals, in line with Schedule of Delegated Authority (SODA) limits ;
- Give due consideration to proposals which could be considered novel, contentious or repercussive;
- Ratify the creation of a new fund by the Director of Finance where funds and/or other assets are received from donors in circumstances where the wishes of the donor cannot be accommodated within the scope of an existing fund;
- Consider and approve recommendations on the potential for rationalisation of funds within statutory guidelines;
- Ensure that assets in ownership of, or used by, the fund will be maintained with the Trust's general estate and inventory of assets;
- Ensure that funds are not unduly or unnecessarily accumulated;
- Ensure that expenditure from funds is subject to appropriate value for money considerations including proper procurement procedures where applicable;
- On behalf of the Trust Board, the Committee will authorise appropriate policies and procedures in relation to funds;

As the Trustees are directors of the Trust, the policies and procedures followed for recruitment, induction and training of these officers applies also to their role as Trustees. During the year, none of the Trustees or members of the key management staff or parties related to them has undertaken any transactions with the Western Health and Social Care Trust Endowment and Gift funds.

The trustees' delegated authority levels are as follows:

- Expenditure up to £2,500 must be approved by an Assistant Director for the relevant fund
- Expenditure over £2,500 and less than £5,000 must be approved by a Director for the relevant fund
- Expenditure over £5,000 and less than £10,000 must be approved by the Chief Executive; and
- Expenditure over £10,000 must be approved by Endowment and Gifts Committee.

The Director of Finance is responsible for the day to day management and control of the administration of the Trust Funds and reports to the Endowments and Gifts Committee. The Director of Finance has responsibility to ensure that Charitable Trust funds are managed appropriately with regard to their purpose and requirements; that full accounting records are maintained and that devolved decision making or delegated arrangements are in accordance with the policies and procedures agreed by the Endowments and Gifts Committee.

Objectives and Activities

The objectives of the Trust Funds held by the Western Health and Social Care Trust in 2020/21 were to ensure that charitable donations received by the Trust were appropriately managed, invested, expended and controlled, in a manner that was consistent with the purposes for which they were given and with the Trust's Standing Financial Instructions and Departmental guidance and legislation.

During the year, Endowment and Gift monies were expended in accordance with the wishes of the original donors of the funds to further the education and welfare of staff and patients/clients and in purchasing new equipment.

Summary of Main Achievements

The Trust completed another successful year in the management of funds that were donated by patients, clients, the general public and other donors in the Western Trust area. The Trust's Endowment and Gifts Committee took a lead role in overseeing the arrangements to ensure that every opportunity was taken to encourage utilisation of the monies by Fund signatories. Funds have been utilised to support a number of worthwhile initiatives such as provision of cardiac hardware and software for South West Acute Hospital, microscope cameras for haematology, reduced ligature curtains for Gransha mental health facility, sleeper beds for cardiac department, a mobile phone signal booster for palliative care and a new seating system to meet the postural needs of cancer patients.

The Trust funds income for 2020/21 increased significantly during the year, in the main due to a donation by the Department of Health of £3m to be used for staff support. In addition, funds from NHS Charities were received and have been used for staff care packages and a small gift for every member of Trust staff as a token of thanks in recognition of the challenging year. Trust Funds expenditure was reduced from 2019/20 levels as staff were diverted to the response to Covid 19 during 2020/21.

The committee oversees the development of a project in relation to Trust compliance with Charities Commission N.I. legislative requirements in relation to the these funds. An engagement exercise was completed during the year with Directorate leads in the development of a new funds model which has been approved by the Committee but will be subject to further consultation and review into the next financial year.

Financial Review

The Endowment and Gift funds financial statements have been prepared in accordance with the Charities Statement of Recommended Practice (SORP) 'Accounting and Reporting by Charities' issued in January 2015, applicable to charities preparing their accounts in accordance with FRS 102 in the UK and Republic of Ireland, and with relevant guidance issued by the Department of Health.

There are no changes in accounting policies and there are no numerical changes in the previously reported results and total funds, therefore no reconciliation in results is required.

The principal sources of income to the Endowment and Gift funds are donations from patients, clients or members of the Public and income received from investment of Endowment and Gift monies. A significant donation has been received in the year from Department of Health of £3m for staff support.

Where there is a legal restriction on the purposes for which a fund may be used, the fund is classified in the accounts as a restricted fund. Funds where the capital is held to generate income for charitable purposes, and cannot themselves be spent, are accounted for as endowment funds. Other funds are classified as unrestricted funds.

There are a number of funds for which the Trust is unable to use the funds for the originally intended purpose. A review of these funds has been carried out and a way forward will be pursued with the Charities Commission NI and the Trust's legal advisors as part of the project to implement a new funds model in compliance with Charities legislation.

Review of the year 2020/21

The achievements and financial performance of the Trust with regard to management of Endowment and Gift funds are set out in individual sections below.

Achievements and Performance

During the year, the Trust Funds (Endowment and Gift funds) delivered against activities in line with their objectives. £588k was expended on such activities, in accordance with the Trust's policies and procedures.

The net market value of funds invested in the Central Investment Fund for Charities increased by £447k, contributing to an overall market value of £2,825k at 31 March 2021. Investment income of £88k was received during the year.

Income

During the year income from donations & legacies totalling £3,613k was received, an increase of £3,041k compared to prior year. Investment income decreased by £8k to £88k.

The main increase in income relates to the donation by Department of Health of £3m and Grant income of £109k received from NHS Charities. In terms of general donations and legacies from individuals, there has been a slight decrease from 2019/20. Net donations of £109k were received by the Trust from NHS Charities Together during the year from national fundraising in response to the Covid-19 pandemic, as part of the Covid-19 Urgent Appeal Grant Scheme. The funds are being used to enhance the well-being of NHS Staff, volunteers and patients impacted by Covid-19.

There were many non-cash donations received by the Trust from the local community to support front-line staff during the pandemic including refreshments, toiletries, personal protective equipment including locally-made masks, visors, scrubs and sanitiser. These have

not been included in these accounts as the items were accepted in the Trust under the Gifts and Hospitality policy as being small items gifted for named groups of staff or named staff members.

The Trust would wish to acknowledge the great support and kindness expressed by members of the local community during 2020/21 and for the gifts made to staff members or groups of staff.

Expenditure

Total direct charitable expenditure for the year amounted to £575k, a decrease of £199k from 2019/20. The Endowment and Gifts Committee will continue to focus on ensuring that the monies donated are being utilised in line with donors intentions. Governance costs for the financial administration of the funds amounted to £7k, being the audit fee for 2020/21. In addition there were investment management costs of £13k. Other support costs for 2020/21 were £40k.

Purchases from the £109k Covid Fund during 2020/21 included:

- Boxes of chocolates / Easter eggs for staff
- Some purchases of food for staff
- Purchase of IT Equipment, mainly laptops.
- Purchase of forehead thermometers.
- Some electrical items, e.g. fridges, kettles, coffee makers, grills, water coolers to create or improve staff areas.
- Beanbags and TVs for staff Hub.
- Mannequins for use in patient handling training.
- Lanyards, badges and drinks bottles purchased as promotional items for Flu Campaign.
- Installation of rails for disposable curtains.
- Folding trolleys.

The items purchased provide an indication of the type of support the wider Trust community has been able to benefit from during the pandemic.

Financial position at year end

Total fund balances were £6,343k, consisting of £5,967k of restricted funds, £96k of unrestricted funds and £280k of endowment funds. This is a total increase of £3,567k from the previous year.

Financial Controls

The Trustees of the funds are aware of their financial responsibilities for the money that is held on trust. Appropriate policies and procedures were in place during the year to ensure these responsibilities were adequately discharged, and these are reviewed where appropriate.

Statement of risk

The management of risk in relation to the Trust Funds (Endowment and Gift funds) is handled under the Trust's risk management policy and procedures.

Reserves policy

The Trust Funds (Endowment and Gift funds) do not currently enter into future commitments and so there has been no requirement to create any reserves for this. Activities are only authorised when funding is available.

Investment Policy

For investment purposes the available balances on the Trust Funds (Endowment and Gift funds) are placed in either bank deposits for short term funds or for longer term investments in the Northern Ireland Central Investment Fund for Charities, which was established under the Charities Act (NI) 1964, and is managed by the Department of Communities.

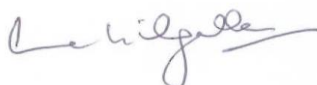

Plans for future periods

In addition to £109k already received from NHS Charities Together, work is ongoing in the Trust in relation to bidding and securing Tranche II and III of monies from the organisation. The proposed use of Tranche II is aimed at supporting the wider NHS and voluntary community dealing with COVID-19, for example managing the transition of the elderly from hospital to home, mental health support, supporting vulnerable members of the community or end of life care. Tranche III funding relates to Covid recovery and the Trust will need to demonstrate good use of charitable funds, good value for money and a clear benefit to staff long term health and recovery for a successful application.

A donation was made from Department of Health to Western Health and Social Care Trust Trust Funds for £3m. This is for staff support and plans to utilise this are being developed and will be agreed and approved by the Endowment and Gifts Committee in conjunction with the wider Trust in 2021/22.

The committee will continue to oversee the project to move towards compliance with the Charities Commission for N.I. legislative requirements for Trust funds. Charities Commission for N.I. are content at the pace by which this is being progressed.

The Trust Funds (Endowment and Gift Funds) Committee will put in place plans for effectively managing funds in 2021/2022 and for ensuring that funds are utilised effectively and appropriately. The Committee has a particular focus on ensuring that appropriate plans are developed to make use of the monies and it closely monitors progress in this regard at each Committee meeting.

WESTERN HEALTH AND SOCIAL CARE TRUST

TRUST FUNDS (ENDOWMENTS AND GIFTS) ACCOUNTS FOR THE YEAR

ENDED 31 MARCH 2021

WESTERN HEALTH AND SOCIAL CARE TRUST– CHARITABLE TRUST FUNDS

THE CERTIFICATE AND REPORT OF THE COMPTROLLER AND AUDITOR GENERAL TO THE NORTHERN IRELAND ASSEMBLY

Opinion on financial statements

I certify that I have audited the financial statements of the Western Health and Social Care Trust's Charitable Trust Funds for the year ended 31 March 2021 under the Health and Personal Social Services (Northern Ireland) Order 1972, as amended. The financial statements comprise: the Statement of Financial Activities, the Balance Sheet, Statement of Cash flows and the related notes including significant accounting policies. The financial reporting framework that has been applied in their preparation is United Kingdom accounting standards including FRS 102, the Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In my opinion the financial statements:

- give a true and fair view of the state of Western Health and Social Care Trust's Charitable Trust Fund's affairs as at 31 March 2021 and of its incoming and expenditure of resources for the year then ended; and
- have been properly prepared in accordance with the Health and Personal Social Services (Northern Ireland) Order 1972, as amended and Department of Health directions issued thereunder.

Opinion on regularity

In my opinion, in all material respects the financial transactions recorded in the financial statements conform to the authorities which govern them.

Basis for opinions

I conducted my audit in accordance with International Standards on Auditing (ISAs) (UK), applicable law and Practice Note 10 'Audit of Financial Statements of Public Sector Entities in the United Kingdom'. My responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of this certificate.

My staff and I are independent of Western Health and Social Care Trust's Charitable Trust Fund in accordance with the ethical requirements of the Financial Reporting Council's Revised Ethical Standard 2019, and have fulfilled our other ethical responsibilities in accordance with these requirements.

I believe that the audit evidence obtained is sufficient and appropriate to provide a basis for my opinions.

Conclusions relating to going concern

In auditing the financial statements, I have concluded that the Western Health and Social Care Trust's Charitable Trust Funds' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work I have performed, I have not disclosed in the financial statements nor identified any material uncertainties that relate to events or conditions that, individually or collectively, may

cast significant doubt about the Western Health and Social Care Trust's Charitable Trust Fund's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

My responsibilities and the responsibilities of the Trust and the Accounting Officer with respect to going concern are described in the relevant sections of this report.

Other Information

The other information comprises the information included in the Annual Report other than the financial statements and my audit certificate and report. The Trust and the Accounting Officer are responsible for the other information included in the annual report. My opinion on the financial statements does not cover the other information and I do not express any form of assurance conclusion thereon.

My responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit or otherwise appears to be materially misstated. If I identify such material inconsistencies or apparent material misstatements, I am required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact.

I have nothing to report in this regard.

Opinion on other matters

In my opinion based on the work undertaken in the course of the audit, the information given in the Trustee's Annual Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which I report by exception

In the light of the knowledge and understanding of the Western Health and Social Care Trust's Charitable Trust Funds and its environment obtained in the course of the audit, I have not identified material misstatements in the Annual Report.

I have nothing to report in respect of the following matters which I report to you if, in my opinion:

- adequate accounting records have not been kept; or
- the financial statements are not in agreement with the accounting records; or
- I have not received all of the information and explanations I require for my audit; or
- the Governance Statement does not reflect compliance with the Department of Finance's guidance.

Responsibilities of the Trust and Accounting Officer for the financial statements

As explained more fully in the Statement of Accounting Officer Responsibilities, the Trust and the Accounting Officer are responsible for the preparation of the financial statements and for:

- the preparation of the financial statements in accordance with the applicable financial reporting framework and for being satisfied that they give a true and fair view;
- such internal controls as the Trust Accounting Officer determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error;
- assessing the Western Health and Social Care Trust's Charitable Trust Funds' ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Trust and Accounting Officer anticipates that the services provided by the Western Health and Social Care Trust's Charitable Trust Funds will not continue to be provided in the future.

Auditor's responsibilities for the audit of the financial statements

My responsibility is to audit, certify and report on the financial statements in accordance with the Health and Personal Social Services (Northern Ireland) Order 1972, as amended.

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue a certificate that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

I design procedures in line with my responsibilities, outlined above, to detect material misstatements in respect of non-compliance with laws and regulation, including fraud.

My procedures included:

- obtaining an understanding of the legal and regulatory framework applicable to the Western Health and Social Care Trust's Charitable Trust Fund through discussion with management and application of extensive public sector accountability knowledge. The key laws and regulations I considered included the Health and Personal Social Services (Northern Ireland) Order 1972, as amended and Department of Health directions issued thereunder;
- making enquires of management and those charged with governance on Western Health and Social Care Trust's Charitable Trust Fund's compliance with laws and regulations;
- making enquiries of internal audit, management and those charged with governance as to susceptibility to irregularity and fraud, their assessment of the risk of material misstatement due to fraud and irregularity, and their knowledge of actual, suspected and alleged fraud and irregularity;
- completing risk assessment procedures to assess the susceptibility of Western Health and Social Care Trust's Charitable Trust Fund's financial statements to material misstatement, including how fraud might occur. This included, but was not limited to, an engagement director led engagement team discussion on fraud to identify particular areas, transaction streams and business practices that may be susceptible to material misstatement due to fraud;

- engagement director oversight to ensure the engagement team collectively had the appropriate competence, capabilities and skills to identify or recognise non-compliance with the applicable legal and regulatory framework throughout the audit;
- designing audit procedures to address specific laws and regulations which the engagement team considered to have a direct material effect on the financial statements in terms of misstatement and irregularity, including fraud. These audit procedures included, but were not limited to, reading board and committee minutes, and agreeing financial statement disclosures to underlying supporting documentation and approvals as appropriate;
- addressing the risk of fraud as a result of management override of controls by:
 - performing analytical procedures to identify unusual or unexpected relationships or movements;
 - testing journal entries to identify potential anomalies, and inappropriate or unauthorised adjustments;
 - assessing whether judgements and other assumptions made in determining accounting estimates were indicative of potential bias; and
 - investigating significant or unusual transactions made outside of the normal course of business.

A further description of my responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website www.frc.org.uk/auditorsresponsibilities. This description forms part of my certificate.

In addition, I am required to obtain evidence sufficient to give reasonable assurance that the financial statements conform to the authorities which govern them.

Report

I have no observations to make on these financial statements.

TRUST FUNDS (ENDOWMENT AND GIFT FUNDS) OF THE WESTERN HEALTH AND SOCIAL CARE TRUST

Notes to the accounts

1. Accounting policies

1(a) Basis of preparation

The financial statements have been prepared under the historic cost convention, with the exception of investments which are included at market value. The financial statements have been prepared in accordance with the Charities Statement of Recommended Practice (SORP) with additional disclosures as required by FRS 102 and with relevant guidance issued by the Department of Health.

Update Bulletin, issued February 2016, amended the Charities SORP and a Statement of Cash Flows is now only required for larger charities. Larger charities are those charities with a gross income exceeding £500,000 in the reporting period. The Trust Funds meet the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy note. The financial statements have been prepared on a going concern basis.

1(b) Incoming resources

All incoming resources are included in full in the statement of financial activities as soon as the following three factors can be met:

- i) entitlement – arises when a particular resource is receivable or the charity's right becomes legally enforceable;
- ii) probability – where there is reasonable certainty that the incoming resource will be received;
- iii) measurement – when the monetary value of the incoming resources can be measured with sufficient reliability.

1(c) Income from donations and legacies

This includes all income received by the Trust funds which are gifts or bequests made on a voluntary basis.

Receipt of a legacy is recognised when it is probable that it will be received.

Receipt is normally probable when:

- there has been grant of probate;
- the executors have established that there are sufficient assets in the estate, after settling any liabilities, to pay the legacy; and
- any conditions attached to the legacy are either within the control of the charity or have been met

1(c) (iv) Investment Income

This is income earned from holding assets for investment purposes and includes dividends and interest.

1(d) Resources expended

All expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to the category. All expenditure is recognised once there is a legal or constructive obligation committing the charity to the expenditure.

TRUST FUNDS (ENDOWMENT AND GIFT FUNDS) OF THE WESTERN HEALTH AND SOCIAL CARE TRUST

1 (e) Charitable activities

Costs of charitable activities comprise all costs incurred in the pursuit of the charitable objects of the charity. These costs, where not wholly attributable, are apportioned between the categories of charitable expenditure, as shown in Note 7.

1 (f) Allocation of support costs and overheads

Support costs and overheads have been allocated between Charitable Activities. Costs which are not wholly attributable to an expenditure category have been apportioned. The analysis of support costs are shown in Note 4. Where costs are shared by two or more charitable activities, support costs have been apportioned between categories and this is analysed in Note 4.

1 (g) Investments

Investments are stated at market value as at the balance sheet date. The Statement of Financial Activities includes the net gains and losses arising on revaluation and disposals throughout the year.

1 (h) Realised gains and losses

All gains and losses are taken to the Statement of Financial Activities as they arise.

Realised gains and losses on investments are calculated as the difference between sales proceeds and opening market value (purchased date if later). Unrealised gains and losses are those gains/losses arising from increases or decreases in the value of investments that have not been sold (hence unrealised at the reporting period end). These are calculated as the difference between the carrying value at the year end and opening market value (or purchase date if later).

Unrealised gains and losses are allocated across the appropriate funds (i.e. those funds for which investments are held) according to the closing value of funds at the year end.

1 (i) Funds structure

Where there is a legal restriction on the purposes to which a fund may be put, the fund is classified in the accounts as a restricted fund. Funds where the capital is held to generate income for charitable purposes and cannot itself be spent are accounted for as endowment funds. Other funds are classified as unrestricted funds. Funds which are not legally restricted but which the Trustees have chosen to earmark for set purposes are classified as designated funds.

The major funds held in each of the categories are disclosed at Note 13.

1(j) Key judgements and assumptions

The Trust Funds make estimates and assumptions concerning the future. The resulting accounting estimate will, by definition, seldom equal the related actual results. The most significant areas of uncertainty that affects the carrying value of assets held by the Trust Funds are the level of investment return and the performance of investment markets.

TRUST FUNDS (ENDOWMENT AND GIFT FUNDS) OF THE WESTERN HEALTH AND SOCIAL CARE TRUST

1(k) Financial Instruments

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value.

1(l) Going concern

There are no material uncertainties about the ability of the Trust to continue operating as a going concern.

1(m) Debtors

Debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

1(n) Cash

Cash includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

1(o) Creditors and provisions

Creditors and provisions are recognised where the Trust Fund has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.
