

# CORPORATE RISK REGISTER & ASSURANCE FRAMEWORK

BRIEFING NOTE PREPARED FOR TRUST BOARD  
10 JANUARY 2019

There are 24 risks on the Corporate Risk Register as approved at Trust Board on 10<sup>th</sup> December 2018.

## Material changes to Corporate Risk Register (CRR) for approval

- **Proposed 2 new Corporate Risks**

(See enclosed New Risk Forms)

**1. Title:** - Impact on services if Industrial Action is taken in relation to Agenda for Change (AFC) Pay Reform.

**Description:** • Impact on services if Industrial Action, such as, action short of strike, is taken in relation to Agenda for Change (AFC) pay reform. AFC staff make up 94% of overall workforce.

- Due to workforce shortages and the nature of services provided, including unscheduled care, flexibility from staff is required to do additional hours and cover for absent colleagues and vacancies to maintain safe staffing levels.

**Current Risk Grading – Major (4) x Possible (3) = HIGH (12)**

**2. Title:** - Service Disruption/Loss of Service.

**Description:** • That Interserve FM (IFM) would be unable to sustain the PFI contract at SWAH, leading to service disruption/potential loss of service and resulting in the need for NIHG to appoint a new Hard FM Service Provider. This risk has been escalated due to IFM corporate position and collapse of their share price (10/12/18).

**Current Risk Grading – Major (4) x Possible (3) = HIGH (12)**

- **Re-grading of Risk ID3 – “Health and Safety risk - resulting in injury”**

The Health and Safety Working group have reviewed the above risk and agreed a proposal to reduce the current risk grading as evidence and systems are in place to support improvements within health and safety. This is reinforced by a Health & Safety audit completed in November 2018 which provided satisfactory assurance.

Current grading to be changed:-

from MAJOR (4) X POSSIBLE (3) = HIGH (12)

to MAJOR (4) X UNLIKELY (2) = HIGH (8)

It is proposed that the Target risk is revised to align with the current grading in terms of a risk of a Major outcome

Target grading to be changed:-

from MODERATE (3) X LIKELY (4) = MEDIUM (12)

to MAJOR (4) X RARE (1) = HIGH (4)

- **Re-grading of Risk ID1075 – “No deal scenario – Hard border / EU Exit”**

With the risk of a "no deal" Brexit now increasingly more likely, risk to services has now escalated and the current risk grading is proposed to change as follows:-

Current grading to be changed:-

from MAJOR (4) X POSSIBLE (3) = HIGH (12)

to MAJOR (4) X LIKELY (4) = HIGH (16)

### **Annual update from De-escalated risks managed at sub-committee level**

**Risk ID82 “Failure to maintain medical/non-medical equipment.” (See table of risk below)**

Managed by Medical Devices Working Group

Medical Devices WG completed a process between April and October 2017 of preparing reports of all medical equipment not routinely maintained under contract, held by each of the Service Directorates, and requested that a Risk Assessment be completed on the actual and potential risk to patients through the Directorate Governance Committee. A summary report of the outcomes was prepared for the Trust Governance Committee and tabled in December 2017.

As a result in 2018 action was taken by some Directorates to review the PPM contracts in place for equipment considered to present a high risk to patients. Changes were made to the purchasing of medical equipment via the Pre -Approval Questionnaire to clearly identify the costs associated with purchasing new equipment to include maintenance costs.

At this point in time we report ‘no change’ to the current risk rating for ID82.

<b>ID</b>	<b>82</b>
<b>Opened</b>	09/10/2009
<b>Rating (initial)</b>	16
<b>Risk level (initial)</b>	HIGH
<b>Rating (current)</b>	12
<b>Risk level (current)</b>	HIGH
<b>Rating (Target)</b>	12
<b>Risk level (Target)</b>	HIGH
<b>Responsible Director</b>	Director of PCOPS

<b>Lead Officer for Risk</b>	Assistant Director of Nursing
<b>Sub Directorate</b>	Trust-wide (Risk Register Use Only)
<b>Corporate Objectives</b>	Safe & Effective Services.
<b>Title</b>	<b>Failure to maintain medical/non-medical equipment.</b>
<b>Description</b>	<b>"Failure to fully maintain all medical/non-medical equipment due to a shortfall in revenue funding for the service and maintenance of all Trust owned medical equipment which may result in serious injury to clients, staff or public."</b>
<b>Controls (Assurance SV)</b>	Trustwide Procedure to notify NIAIC of equipment-related incidents and distribution of NIAIC MDEAs. Medical devices equipment management database. Resources targetted at high risk areas. Management of Medical Devices Policy. Medical Equipment Registers in all Wards/Depts and monitoring of these by Nursing AD. Departmental Equipment Controllers appointed and trained. Register of maintenance contracts for medical / non-medical equipment. Approx £3m spend pa on maintenance contracts for equipment. Mechanism in place to report outstanding repairs to PSI Governance. Monthly monitoring of helpdesk defects now implemented.
<b>Gaps in controls (Assurance SV)</b>	Departmental risk assessments not carried out for all areas. Majority of equipment in community not fully maintained as per Original Equipment Manufacturer instructions.
<b>Assurance (Assurance SV)</b>	Building, Land, Plant and Non-Medical Equipment Controls Assurance Standard self-assessment. Safety Alert Broadcast System Audit 2013/14. Internal Audit of relevant Controls Assurance Standards. ISO 9001 Quality Management System accreditation Trustwide. Medication Devices and Equipment Controls Assurance.self-assessment.
<b>Gaps in assurance (Assurance SV)</b>	No gaps identified.
<b>Updates in last 12 months</b>	Dec 2018 Update. Medical Devices WG completed a process between April and October 2017 of preparing reports of all medical equipment not routinely maintained under contract, held by each of the Service Directorates, and requested that a Risk Assessment be completed on the actual and potential risk to patients through the Directorate Governance Committee. A summary report of the outcomes was prepared for the Trust Governance Committee and tabled in December 2017. Action taken by some Directorates to review the PPM contracts in place for equipment considered to present a high risk to patients. Changes made to the purchasing medical equipment via the Pre-Approval Questionnaire to clearly identify the costs associated with purchasing new equipment to include maintenance costs.

<b>Description (Action Plan Summary)</b>	Review of Medical Equipment Library Services At Altnagelvin Review of equipment maintenance per Directorate Training on maintenance of bedpan washers Service community bath lifts in accordance to statutory standards Introduce decontamination out of hours service PPMs to be implemented for servicing of bed pan washers Presentation to acute governance Prepare reports for PCOP and W&C Review maintenance of high risk medical equipment Hospital Bed Condition Survey presented to Medical Devices Group Develop procedure for electrical safety testing of medical equipment not being serviced PSI Governance commissioned detailed review of incidents for CMT.

<b>Risk Type</b>	De-escalated CR for Committee management

## Action plan following Trust Board workshop in December 2018

The following actions are a summary of those agreed at the December Trust Board Risk Register workshop for review to ensure they accurately reflect actions agreed, prior to dissemination to risk leads.

ID	Lead Dir.	Risk Title	Action
46	Director of Human Resources	Challenges to compliance with Working Time Regulations	Risk and grading to be reviewed in light of time since score changed and mitigating actions
284	Director of Performance & Service Improvement	Risk of breach of Data Protection Act through loss of personal or sensitive data	Title to be amended to include GDPR. Risk should remain Corporate but Dir. of P&SI to consider de-escalation to PS&I directorate register. Consider reducing Grading in view of the work undertaken in the past year.
955	Chief Executive	Failure to comply with procurement legislation re social care procurement	There is a 5 year implementation plan and therefore risk actions should reflect this.
51	Director of Finance	The inability of the Trust to achieve break-even	No change to grading. Director of Finance to review wording of title/description.
924	Chief Executive	The Trust's ability to achieve Recurrent Balance	No change to grading. Director of Finance to review wording of title/description. Need to reference safra process in the wording.
235	Medical Director	Risks associated Water Borne Pathogens	With resolution of Milk Bank issues after a period of monitoring, risk should be considered for de-escalation. Tower block work now complete and risk to be updated to reflect this.
99	Director of Performance & Service Improvement	Failure to fully comply with Asbestos Regulations	De-escalate to PS&I Directorate

ID	Lead Dir.	Risk Title	Action
81	Director of Performance & Service Improvement	Trust Emergency Plans	Dir. Of P&SI to consider for possible de-escalation. Risk is at target level
3	Medical Director	Health and Safety risk - resulting in injury	Proposed revised grading (from 12 to 8 (HIGH)) tabled at Jan Trust Board for consideration. Note issue risk of contractors on site
100	Director of Performance & Service Improvement	Backlog Maintenance	No change
49	Director of Performance & Service Improvement	Virus attack disables network/services	Risk being reviewed currently as it may need to be higher, based on recent audit reports. Wording of title/description to be considered for possibility of including "cyber".
6	Director of Women & Childrens Services	Potential for harm to children whilst awaiting Gateway and Family Intervention Service (unallocated cases)	No change
63	Director of Adult Mental Health & Learning Disability	High risk forensic/challenging individuals who have potential to cause harm to themselves or others	No change
57	Medical Director	Lack of cross-Directorate learning from adverse incidents, complaints, claims & audit recommendations	Risk title/wording to be reviewed to ensure risk includes the lack of responsiveness to incidents
66	Director of Adult Mental Health & Learning Disability	Death or serious injury of patient as a result of a suicide or attempted suicide while in a Trust facility	No change

ID	Lead Dir.	Risk Title	Action
73	Director of Performance & Service Improvement	Risk that patient medical records and/or patient information on Trust systems may not be complete, accurate or available at PoC	Dir. Of Acute and Dir. Of P&SI to discuss possibility of de-escalation, also need to agreed which director owns medical record management. M O'N to discuss with Dir of P&SI in first instance.
547	Director of Nursing, Primary Care & Older People's Services	Inability to access domiciliary care in a timely manner	A separate risk related to Community bed availability should be considered for raising through the PCOPS directorate to CMT
64	Director of Women & Childrens Services	Availability of age appropriate inpatient services for children and young people with mental health difficulties	Title and Description require review and risk urgently requires update.
535	Director of Nursing, Primary Care & Older People's Services	Risk that patients may experience a reduced quality of nursing care due to workforce deficits	Dir. of PCOPS to consider re-wording to include Beds Protocol. Controls need to be updated/strengthened.
931	Director of Acute Hospital Services	Acute shortage of Breast Radiologists in WHSCT	Dir. Of Acute to review in January after appointment of Breast Radiologist with a view to reduce grading.
694	Director of Nursing, Primary Care & Older People's Services	Risk to patient/client safety because of insufficient Medical cover in PCOPS and Medical Wards in SWAH	Significant re-write required. Should relate to community also and detail specific areas of concern. Revised title wording around "stability and resilience of services due to workforce issues". Altnagelvin related risks to be managed at directorate level.
58	Director of Human Resources	Over dependence on the use of locum and agency staff to sustain services and insufficient induction for locum medical staff	No change (agreed it should remain a separate risk). Risk to be updated with Pathfinder work.
1075	Director of Finance	No Deal Scenario / Hard Border EU Exit	No change.

46	06/10/2009	12	HIGH	12 (4x3)	HIGH	9	MEDIUM	Director of Human Resources	Trust-wide (Risk Register Use Only)	Safe & Effective Services.	Challenges to compliance with Working Time Regulations	For Junior Doctors in training the Trust may not be able to fulfil its statutory obligations under the EWTD and/or New Deal due to the intensity of junior doctors rota or lack of doctors participating on the rotas and/or an inability of the Trust to fill vacant posts by recruitment or agency. <ul style="list-style-type: none"> <li>Doctors on full shift rotas and on call rotas may exceed the maximum 48 hours of actual work thus breaching the maximum hours requirement under EWTD. This may also put the rota into a higher Banding Supplement. In particular the unpredictability of on call rotas means that 11 hours continuous rest (or compensatory rest) in every 24 hour period may not be achieved.</li> <li>"Sleep-in" is a working pattern in residential facilities where a member of staff is required to sleep in the facility as a back up to waking night duty staff. Sleep may be disrupted due to certain situations so compensatory rest is allocated.</li> <li>Home Care staff who have</li> </ul>	Monitoring of Junior Doctors working hours. Representations made to BLG & NIMDTA regarding ability to sustain rotas. Payroll alerts to HR on excessive working hours. Directorate Support Team working with W&C Directorate to address situation in Residential Children's Homes. Bi-annual monitoring of hours to determine Junior Doctor workload reported to DOH. Ensure compliance with Locum agency contract arrangements. Guidance on EWTD and compensatory rest. AD HR member of Regional Medical and Terms & Conditions Group. Letter sent to Directors and Assistant Director for sharing with staff regarding EWTD requirements in July 2018. Guidelines to clarify bank arrangements developed (QICR2). Senior HR Managers are assessing the consistency of approach in relation to sleep ins across the Trust. Director of Nursing reminding nurses of the need for compliance at Trust Nursing and Midwifery Group. Agreement to phase out use of Home Care/Home Help high hour contracts. Trust participation on Regional Working Group to review rota for	Despite best efforts the Trust is not always able to meet the requirements of the regulations. Inability of NIMDTA to fill all posts. Pressure on services due to intensity of attendances at hospital.	Junior Doctors monitoring information submitted to DOH and considered by Board Liaison Group. HSCB, through Board Liaison Group, monitor safe hours of work for Junior Doctors and Dentists. Regional review of Guidance on EWTD and compensatory rest.	No gaps identified.	Work continues within relevant Directorates in relation to rotas, sleep ins, etc. Participate in Sleep in statutory cases as required. Continue to populate gaps in rotas with International Recruitment and ongoing engagement with NIMDTA.	31/03/2019 31/03/2019	
49	06/10/2009	16	HIGH	16 (4x4)	HIGH	9	MEDIUM	Director of Performance & Service Improvement	Trust-wide (Risk Register Use Only)	Safe & Effective Services.	Virus attack disables network/services	Information security across the HSC is of critical importance to delivery of care, protection of information assets and many related business processes. If a Cyber incident should occur, without effective security and controls, HSC information, systems and infrastructure may become unreliable, not accessible when required (temporarily or permanently), or compromised by unauthorised 3rd parties including criminals. This could result in unparalleled HSC-Wide disruption of services due to lack of/unavailability of systems that facilitate HSC services (e.g. appointments, admissions to hospital, ED attendance) or data contained within. This may result in the need to cancel appointments and treatments, or divert emergency/essential clinical or other services. The significant business disruption could also lead to increased waiting lists, delayed urgent clinical interventions, suboptimal clinical outcomes and potentially bring liabilities for the Service. It could also lead to unauthorised access to any of our systems or	Data & System backups 3rd Secure Remote Access Server / Client patching HSC security software (threat detection, antivirus, email and webfiltering) HSC security hardware (e.g. firewalls) 3rd Party Contracts / Data access agreements Contract of employment HR Disciplinary Policy Mandatory training policies Induction policy Regional and local Incident Management & reporting policies & procedures Corporate Risk Management framework, Processes & monitoring Emergency planning & Service business continuity plans Disaster recovery plan Usr account management processes Change control processes Data protection Act Regional & Local ICT info security policies	Insufficient User Awareness of impact of personal behaviours in relation to cyber threat Full extent of gaps are not understood at this point - Gap analysis regionally and locally required by HSC to capture a considered extent of vulnerabilities Insufficient corporate recognition and ownership of cyber security threat as a service delivery risk Current inability to obtain 100% coverage on patch updates due to a combination of user behaviours and service needs	Internal audit / IT Dept self-assessment against 10 Steps towards NCSC Technical risks assessments and penetration tests HSC SIRO Forum for shared learning and collaborative action planning and delivery	There is a resource issue regarding Cyber Staff in the Trust. The Business Case that was approved should address this pressure however experience from other Government Organisations would suggest that is difficult to attract and retain specialist skills in this area. Unable to have consistent patching of critical/core services due to service disruption. Limited testing of Data and Systems restores.	Recruitment of Band 7 Cyber Security Manager Recruitment of Band 6 to support implementation of Cyber Security Action Plan Full implementation for Metacompliance across the Trust with regular course updates being issued thereafter Introduce routine reporting to Trust Board (or other equivalents (local or regional)) on reported incidents/near miss, and other agreed indicators	31/12/2018 31/03/2019 30/09/2018 31/08/2018

Over dependence on the use of locum and agency staff to sustain services and insufficient induction for locum medical staff	Risk of inability to maintain services as a result of Trustwide difficulties regarding recruitment to certain specialities across the Trust resulting in an over dependence on the use of agency and locum staff. (Also see Acute Directorate Risk ID344 and PCOPS Risk ID702). □ Implementation of Circular HSC (F) 19-2017 - Introduction of new taxation rules applying to off payroll working (IR35). □	Addressing speciality issues as they arise. Trust HR representation at regional AHP Group. Trust HR representation at International Nurse Recruitment Groups. Procedure for IR35 Assessment. Senior HR Manager (Band 8a) Medical Workforce Project and QICR in post. Roll out of Erostering which means better reporting on use of bank and agency staff by area, ward, etc. Directorate summary "yellow pages" information on Agency & Locum costs reported through QICR. Guidelines on use of medical and non-medical agency staff. Medical Workforce Recruitment and Reform Project Board. Use of recognised employment agencies to recruit Locums. Locum placement assessment form. Nursing Peripatetic Nursing Team. Preparation & induction of Locums to undertake their assigned roles. Professional Nurse Interviewers. CVs verified by senior staff. Terms & Conditions of Contract. Representations made to NIMDTA regarding Jnr Dr requirements.	Insufficient applicants for nursing and social work posts. Inability of NIMDTA to provide required number of Junior Doctors for certain specialities. Unpredictability of circumstances i.e. to cover sick leave or an increase in demand for service.	Progress reports to Audit on recommendations. Audit Report on Management of use of agency and medical locum staff.	Lack of a regional cap on agency rates.	Support the development of a local post graduate medical school. Introduce and evaluate Physician's Associate role. Progress Medical Workforce Recruitment & Reform Project Plans. Continue to work on a regional level on solutions. Support transformation programmes.	31/03/2019 31/03/2019 31/03/2019 31/03/2019	
63	07/10/2009	20	EXTREM	15 (5x3)	EXTREM	12	HIGH	Director of Adult Mental Health & Learning Disability	Adult Mental Health & Disability Services	Governance.	High risk forensic/challenging individuals who have potential to cause harm to themselves or others	High risk forensic/challenging individuals who have a potential to cause harm to themselves or others.	Ongoing Training and support to staff. Ongoing Multi-agency monitoring. Individual contingency plans in place. Multidisciplinary & multi-agency discharge review meetings. Management & supervision of register. Live register of those who present most at risk. Keyworkers and Care Co-ordinators identified for each Enhanced Discharge Plan.	Limited therapeutic environment. Lack of local availability of low secure placements or step-down facilities. Limited ability to ensure therapeutic interventions. Specialist services generally not well resourced.	RQIA inspections/reviews. Low level of incidents reported for this client group.	No gaps identified.	Review Enhanced Care plan list by AMH Governance lead Continue to review enhanced care plan list by AMH	31/07/2017 31/01/2019	20/07/2018

ID	Opened date	Initial Risk		Current Risk		Target Risk		Responsible Director	Directorate	Corporate Objectives	Title	Description	Controls Assurance	Gaps in controls Assurance	Assurance	Gaps in assurance	Action Plan	Due date for Action Plan	Done date for Action Plan
		Rating (initial)	Risk level (initial)	Rating (current) (Conseq x Likli)	Risk level (current)	Rating (Target)	Risk level (Target)												
64	07/10/2009	16	HIGH	9 (3x3)	MEDIUM	6	MEDIUM	Director of Women & Childrens Services	Trust-wide (Risk Register Use Only)	Safe & Effective Services.	Availability of age appropriate inpatient services for children and young people with mental health difficulties	The placement of an under 18 in an adult psychiatric ward is not appropriate due to age and need. All risks associated with such a placement require individual attention based on the needs of each situation. Admission to regional Tier 4 services are not always deemed to be therapeutically appropriate as families prefer to stay in localities. □ □ Requirement for dedicated, specialist CAMHS service to undertake assessments out of hours.	Risk Assessment and Under-18 Admission Guidelines. Service Improvement Plan under TYC being implemented to assist in development of CAMHS re-design in accordance with Stepped Care Model. Monitoring and reporting to HSCB of Trust position re Under-18 admissions. Pre-employment vetting of new staff who may come into contact with children. Interim arrangements with AMH Directorate with regular interface meetings to review/strengthen practice and transitions. Liaison with the Commissioner re availability of regional beds. WHSCT OOH being reviewed to ensure effective engagement and assessment OOH. New staff starting post in Crisis Home Treatment. This will enhance ability to reduce under 18 admissions. CAMHS Redesign has been fully implemented. The Trust has in place a protocol for "Admission, treatment and discharge of children and young persons under 18 to Adult Wards at Tyrone & Fermanagh, Grangewood and Lakeview Hospitals."	Quarterly reports to RQIA/HSCB re under 18 admissions to adult MH wards. Vetting of all staff on Adult Wards involved in the care of children and young persons not carried out. Full implementation of Child Protection Policy within Acute settings. Lack of Psychiatric Intensive Care Unit for Children and Young People in WH&SCT area.	Directorate reports to Governance Committee. RQIA Reviews. Integrated Intensive Treatment for Teenagers service strengthened to adopt a home treatment approach for young people to maintain them in their own homes thus preventing hospital admission. Audit has taken place on this matter and a repeat audit is planned. Feedback from HSCB confirmed WH&SCT U18 admissions reporting process is good practice and robust.	The Trust have made a bid to the Commissioner (under demographics) for funding to provide a dedicated CAMHS Out of Hours service. Internal Audit of implementation of Under-18 Admissions Protocol. This to take place. New protocol has not been in place long enough to be audited as yet (March 2011)	Internal Audit re compliance Protocol to be reviewed Annual Review of Under 18 Admissions to Adults Wards TFH, Grangewood and Lakeview Protocol in the process of being reviewed and once finalised will be forwarded to SMT for approval. Development Day planned for 5/2/15 to commence implementation of recommendations from Regional Review.	31/08/2018 30/09/2017 30/04/2018 30/09/2015

Partnerships. Financial Management & Performance. Modernisation.	Inability to access domiciliary care in a timely manner	There is a risk that both hospital patients and community service users will not receive their assessed domiciliary care package in a timely manner. Patients delayed in hospital may be at greater risk of infection and/or falls. Patients in the community may be at greater risk of falls or other injuries. Community service users may have to wait longer for their assessed care package as hospital patients may be prioritised for care packages to maintain hospital flows. Adult Community Care Divisions are experiencing difficulties with accessing responsive domiciliary care service provision due to the following factors; Rurality and the ability to source and secure a sustained domiciliary care service provision in some remote areas across the Trust This risk is impacting service users and carers across both community and hospital care settings resulting in delayed discharges, temporary placements being made in nursing and residential homes and unmet need being reported.	Interim additional rotas have been established in 12 locations across the Trust through a co-ordinated exercise to address issues where accessing service provision has been identified across all POC's. The Trust continues to implement its reablement service model which is operationally linked to the reform of its in-house homecare service. The combination of these measures is will assist in addressing the risks being experienced and reported.	There is unmet need mainly due to difficulties in recruiting carers, particularly in rural areas	PCOP Domiciliary Care Waiting List There are a range of monitoring and reporting processes in place to ensure this risk is actively monitored A service response to assessed need is progressed on each individual cases through keyworkers and brokerage Actions are taken with regards to the position as reported through these assurance and monitoring mechanisms PFA Discharge Targets Daily Delayed Discharge Report	Total assurance cannot be given as the demand and location of cases cannot be projected or planned for. The focus remains to ensure optimum utilisation of available resource and progress actions in areas where there are clusters of unmet need	Negotiate new contracts with Independent Sector providers. Discussing individual priority clients with providers to re-organise care Providing a range of alternatives, e.g. direct payments Procurement for dom care is almost complete Member of Reablement steering group In-house reform to establish core and reablement teams across the Trust In-house service completing a productivity and efficiency improvement programme to ensure there is optimum utilisation of the rotas.	21/04/2016 21/04/2016 21/04/2016 21/04/2016 31/08/2018 30/09/2018	13/09/2016 28/02/2017 13/09/2016 13/09/2016 13/09/2016

Acute shortage of Breast Radiologists in WHSCT	There is chronic shortage of radiologists in WHSCT. 1. Potential suspension of Breast Screening service provided by the Western Breast Unit resulting in loss of service to ladies in the screening group 2. Reduction in provision of breast radiologist for triple assessment clinics resulting in risk of delayed diagnosis of breast cancer 3. Highly visible and sensitive area of work. There is likely to be a high level of public and media interest should either service be unavailable. Potentially very damaging to the trust's reputation as a provider of screening and symptomatic services.	The issue has been highlighted as part of the Imaging Review There are 4 screening units in NI 2 of which have a full complement of breast radiologists and 1 in a similar position to WHSCT This includes escalation via the Managed Radiology Clinical Network (MRCN), QARC and PHA WHSCT Trust has approached the other trusts in NI for occasional support with very limited success The Trust is actively recruiting 2 breast radiologists but is unlikely to be successful in this round as there are no training radiologists in this specialty who have expressed an interest in WHSCT There are plans to further role extend the breast radiographers to include Ultrasound of the breast although there is a significant lead in time Radiographers in Nuclear Medicine perform sentinel node injections. 1 Role extended radiographer undertakes film reading and breast biopsies with another in training. WHSCT has 2 breast radiologists and a third who undertakes symptomatic work on an ad hoc basis since his retirement QARC and MRCN informed and support agreed <u>Surgical Teams informed of potential</u>	Breast Screening targets re reporting time and assessment times are at risk. Sudden surges in demand e.g. following TV campaigns can be accommodated within the specified ministerial target. With a two breast radiologists 52 week cover cannot be guaranteed.	Both services have been maintained largely by huge efforts by the two remaining Full time breast radiologists but there is a risk that either may not be available permanently and one is due to retire within the next 2-3 years. External oversight by QARC and inspection by RQIA has indicated that the services provided are safe and fit for purpose. QARC, PHA, HSCB and clinical colleagues are aware of the position and it has been escalated through all known channels	Immediate regional discussion with HSCB or other trusts to enquire if radiology breast resources can be readily available to WHSCT QARC and MRCN informed and request made for support Surgical Teams informed of potential issues Table at CMT for decision re increased risk	31/08/2018	08/03/2016 08/03/2016

Failure to comply with procurement legislation re social care procurement	The risk that the Trust will breach UK procurement legislation rules in awarding contracts for the provision of social care services. The legislation outlines that a formal tender process must be followed when awarding contracts that are expected to be above a specified threshold. This is to be managed by BSO PaLS on behalf of all Trusts but the current proposed work programme means that Trusts will not be fully compliant with the legislation for a period of 5 years ending on 31 March 2022.	The issue has been discussed at the Trust's Procurement Board and Social Care Procurement Group. The Trust's Director of Finance & Contracting has highlighted this issue to the Regional Procurement Board.	The Trust does not have the resource or infrastructure required to manage this risk internally. DOH has determined that the issue should be managed regionally.		Continue to monitor progress at Regional Procurement Board, Trust Procurement Board and Social Care Procurement Group.

## New Risk Form

Please complete this form if you have identified a risk which needs to be considered for inclusion on the Trust's Risk Register database (Datix). Appendix 3 of the Trust's Risk Management Policy sets out the process that must be followed. The Policy is available on the intranet, web-link <http://whsct/intranetnew/Documents/Risk%20Management%20Strategy.pdf>.

The information requested below is required for completion of fields within Datix and is in the order that fields appear on screen. Sections marked with an asterisk (\*) are mandatory and must be completed. The completed form should then be considered at the appropriate Sub-Directorate/Divisional/Department Governance meeting. If the risk is approved for inclusion, please then forward the form to the relevant Business Services Officer/Business Services Manager for inputting on Datix. A list of BSOs/BSMs with access to Datix within each Directorate and Sub-Directorate is posted on the intranet – [click here](#).

	Insignificant/none	Rare
	Minor	Unlikely
	Moderate	Possible
	Major	Likely
	Catastrophic	Very Likely/ Almost Certain

NB: Datix will automatically calculate the level of risk (i.e. Red/Extreme, Amber/High, Yellow/Medium, Low/Green).

## **18. Action Plan to reduce Level of Risk**

When developing an action plan to reduce the level of risk to the target level, Managers should take the Trust's Risk Appetite Statement into consideration, as set out in the Risk Management Policy, as follows:-

*“The Trust’s appetite for risk is to minimise risk to patient/client/staff safety and the resources of the Trust, whilst acknowledging that it also has to balance this with the need to invest, develop and innovate in order to achieve the best outcomes and value for money for the population that it serves. In this respect, risk controls should not be so rigid that they stifle innovation and imaginative use of limited resources in order to achieve health and social care benefits.”*

Managers must consider the following questions when developing an action plan to manage the identified risk:-

<b>Question</b>	<b>Response</b>
1. Does the proposed action plan actively manage this risk to ensure that the level of risk can be reduced to the target level?	<p>There are a number of reasons why the risk cannot be managed at Trust level:-</p> <ul style="list-style-type: none"> <li>Budgets for pay awards are allocated by the Treasury.</li> <li>Public Sector Pay Policy is set by the Department of Finance and pay discussions are led by Department of Health.</li> <li>Employees have the right to take action.</li> <li>Workforce shortages and increasing demand on services mean contingency arrangements are extremely challenging.</li> </ul>

2. Does the proposed action plan take account of any opportunities that could be exploited whilst managing this risk?	Yes
3. Has the target level of risk, and how this will be achieved, been communicated to those staff responsible for the operational management of this risk?	Yes
4. How will the proposed actions be monitored to ensure they are completed within identified timescales?	Dependent on outcome of regional pay discussions which are led by Department of Health.
5. At what point should the decision regarding the management of this risk be escalated to a higher level?	If the outcome of Trade Union ballot indicates that Industrial Action is to be taken.

Please set out below the key actions that will be taken to reduce the level of risk (e.g. develop business case, service redesign, develop policy/procedures, provide training, recruitment of staff, etc):-

Action Required	Start Date	Due Date	Lead Officer
Continued discussions with regionally with Trade Union Side. Engagement in workstreams. Consider service impact. Local TU engagement. Business Continuity arrangements are developed.			

Once the new risk has been approved, these key actions should be recorded within the "Actions" section of Datix.

Once each action has been completed, the date of completion should be recorded. Each completed action should then be listed within the "Controls" section of Datix.

If you require advice with regard to completion of this form, or on the use of Datix Risk Register module, please contact the Corporate Risk Manager on extension 214129.

<b>Meeting where risk was approved:</b>  <b>Date of Meeting: 19/11/18</b>	<b>For use by BSO/BSM only</b>	<b>Risk ID No:</b>  (automatically generated by Datix)
---	--------------------------------	--

## New Risk Form

Please complete this form if you have identified a risk which needs to be considered for inclusion on the Trust's Risk Register database (Datix). Appendix 3 of the Trust's Risk Management Policy sets out the process that must be followed. The Policy is available on the intranet, web-link <http://whsct/intranetnew/Documents/Risk%20Management%20Strategy.pdf>.

The information requested below is required for completion of fields within Datix and is in the order that fields appear on screen. Sections marked with an asterisk (\*) are mandatory and must be completed. The completed form should then be considered at the appropriate Sub-Directorate/Divisional/Department Governance meeting. If the risk is approved for inclusion, please then forward the form to the relevant Business Services Officer/Business Services Manager for inputting on Datix. A list of BSOs/BSMs with access to Datix within each Directorate and Sub-Directorate is posted on the intranet – [click here](#).

	C03	To ensure the probity and safety of our processes and systems through active governance arrangements	✓
	C04	To promote public confidence in our services	✓
	C05	To create a culture and an environment which will attract and retain high quality staff	
	C06	To build effective relationships with service users, communities and our strategic partners to promote the health and social wellbeing of our population	
	C07	To secure and manage resources effectively and efficiently in order to achieve best outcomes, demonstrate value for money and ensure financial viability	
10.	<b>Lead Officer* with responsibility for managing this risk (Name, Job Title, and Contact Details.</b> (i.e. manager with operational responsibility)		Anita McConnell, Contracts Lead, SWAH
11.	<b>Name of Responsible Director*</b> (NB: Where a risk is Cross-Directorate, the most appropriate Director to manage this risk should be listed. It will be their responsibility to liaise with other Directors re management of this risk).		Teresa Molloy, Director of Performance and Service Improvement
12.	<b>Description of Risk*</b> Please provide a full description of the nature of the risk. Please limit this to 255 characters		That Interserve FM (IFM) would be unable to sustain the PFI contract at SWAH, leading to service disruption/potential loss of service and resulting in the need for NIHG to appoint a new Hard FM Service Provider. This risk has been escalated due to IFM corporate position and collapse of their share price (10/12/18).
13.	<b>Please list all current control measures in place to manage this risk*</b> (e.g. policies, procedures, training)		NIHG contingency plan for the loss of Hard FM Service Provider, including procurement procedures and handover arrangements; to be updated by 14.12.18. Plan to comply with obligations in clause 50.5 (Sub-Contractors) of the Project Agreement.  Stakeholders to maintain dialogue at a Senior Level with IFM Board, Trust Board and NIHG Shareholders to assess on regular and on-going basis the sustainability of SWAH contract. Agenda item for Joint Liaison Committee meetings; next 13/12/18.  The Trust shall retain Trust's Remedial Rights under clause 29.6 to 29.12 of the Project Agreement including step-in.  PFI contract management focus on continuous performance improvement, addressing areas of under-performance and contract stability.

14.	<b>Please list all identified gaps in Controls.*</b>	Assurance/testing of NIHG and Trust-Step in Contingency Plans to complete State of Readiness check.  Early Warning system of alert to change in likelihood of risk; supported by Government Partners in Strategic Investment Board and informed by Specialist PFI Advisers.	
15.	<b>Please list all Assurances currently in place to test adequacy of Controls.</b> (i.e. Audit (Internal/External), inspections by independent organisations, e.g. RQIA, HSENI).	Robust PFI Governance Arrangements.  Specialist PFI Advisers in place and alert to risk.	
15.	<b>Please list all identified gaps in Assurances.</b>	n/a	
16.	<b>Current level of Risk*</b> (Please tick appropriate box for Impact/Consequence/Severity and Likelihood – refer to Risk Rating Matrix & Impact Assessment Table (Appendix 3 of Risk Management Strategy - see web-link above).		
	<b>Impact/Consequence /Severity</b>	<b>Likelihood</b>	
	Insignificant/none	Rare	
	Minor	Unlikely	
	Moderate	Possible	X
	Major	Likely	X
	Catastrophic	Very Likely/ Almost Certain	
17.	<b>Target/Acceptable level of Risk*</b> (Please tick appropriate box for Impact/Consequence/Severity and Likelihood – refer to Risk Rating Matrix and Impact Assessment Table (Appendix 2 of Risk Management Strategy - see web-link above).		
	<b>Impact/Consequence /Severity</b>	<b>Likelihood</b>	
	Insignificant/none	Rare	
	Minor	Unlikely	X
	Moderate	Possible	X
	Major	Likely	
	Catastrophic	Very Likely/ Almost Certain	

NB: Datix will automatically calculate the level of risk (i.e. Red/Extreme, Amber/High, Yellow/Medium, Low/Green).

## **18. Action Plan to reduce Level of Risk**

When developing an action plan to reduce the level of risk to the target level, Managers should take the Trust's Risk Appetite Statement into consideration, as set out in the Risk Management Policy, as follows:-

*“The Trust’s appetite for risk is to minimise risk to patient/client/staff safety and the resources of the Trust, whilst acknowledging that it also has to balance this with the need to invest, develop and innovate in order to achieve the best outcomes and value for money for the population that it serves. In this respect, risk controls should not be so rigid that they stifle innovation and imaginative use of limited resources in order to achieve health and social care benefits.”*

Managers must consider the following questions when developing an action plan to manage the identified risk:-

<b>Question</b>	<b>Response</b>
1. Does the proposed action plan actively manage this risk to ensure that the level of	Yes

risk can be reduced to the target level?	
2. Does the proposed action plan take account of any opportunities that could be exploited whilst managing this risk?	Yes
3. Has the target level of risk, and how this will be achieved, been communicated to those staff responsible for the operational management of this risk?	Yes (to an appropriate level of authority)
4. How will the proposed actions be monitored to ensure they are completed within identified timescales?	Via established Risk Management escalation and reporting procedures.
5. At what point should the decision regarding the management of this risk be escalated to a higher level?	Where Early Warning Systems increase the likelihood to high; and/or the testing of contingencies identify impacts that may be catastrophic.

Please set out below the key actions that will be taken to reduce the level of risk (e.g. develop business case, service redesign, develop policy/procedures, provide training, recruitment of staff, etc):-

Action Required	Start Date	Due Date	Lead Officer
Assurances on NIHG's State of Readiness Contingency Plan	10.12.18	13.12.18	Anita McConnell
Senior Stakeholder dialogue (Board Level)	10.12.18	On-going Check-point 13.12.18	Teresa Molloy
Trust Step-In; Outline Contingency Plan	10.12.18	19.12.18	Anita McConnell (in conjunction with T McCarter/P Quigley)
Early Warning Alert System	10.12.18	17.12.18	Anita McConnell (in conjunction with specialist advisers)
PFI Continuous Improvement Plan/Address areas of Underperformance	On-going	30.1.18 (update point)	NIHG

Once the new risk has been approved, these key actions should be recorded within the "Actions" section of Datix.

Once each action has been completed, the date of completion should be recorded. Each completed action should then be listed within the "Controls" section of Datix.

If you require advice with regard to completion of this form, or on the use of Datix Risk Register module, please contact the Corporate Risk Manager on extension 214129.
