

# Regional Integrated Support for Education

To enable children to access the education curriculum we provide support in the following areas:  
Motor Skills, Speech, Language and Communication, Social, Emotional and Behavioural Development

**If you are considering making a referral, have a concern about a group of children in your class or if you are interested in training:  
request a consultation from RISE via phone, face to face or email**

**TOGETHER** we can decide on the best way forward

## RISE Referral

RISE will email a referral pack and will visit school to offer individual assessment and support as agreed

## Universal / Targeted Support

RISE may offer:  
Small group programmes  
Whole class programmes  
Training for education staff and parents  
Parent information sessions  
Advice, strategies and modelling

A referral form is not needed for universal and targeted support

## Signposting

RISE may redirect you to alternative services to meet the needs of the child
