HAVE
YOUR
SAY

Involvement is about carers, service users and staff working together to plan services for you.

People with a Learning Disability who are over 18 years of age and their Carers come together in Local Involvement Groups.

Your views are important to us.

The views of each group are shared at a Strategic Involvement Group meeting attended by senior staff in the WHSCT.

Your Local Involvement Group needs as many voices as possible to make it thrive and be truly representative.

Our Local Involvement Groups meet in:

- Fermanagh
- Omagh
- Strabane
- Derry/Londonderry
- Limavady

Each group meets approximately 8 times per year.

Our Involvement Team will support you to become involved.
