# Introduction

## Partners

Fermanagh and Omagh District Council and Derry City and Strabane District Council would like to thank all the partners listed in this booklet who contributed to DisAbility Awareness Week 2021.

## Covid 19

All events will be planned to comply with the Covid Government guidelines that exist at the time of the event. When booking spaces participants will be informed of the procedures in place and if they are required to do anything to help prevent the spread of Covid -19.

## Bookings

All events have a limited number of spaces and will be allocated on a first-come-first-served basis.

All participants will be required to register for the live online and physical events, as well as the pre-recorded activities. Once registered you will be provided with the link to the session or pre-recorded video.

## Alternative Format

Fermanagh & Omagh District Council and Derry City and Strabane District Council will try to provide any information in an alternative format when requested.

# Foreword

Fermanagh & Omagh  
District Council  
Comhairle Ceantair  
Fhear Manach agus na hÓmaí

**Councillor Errol Thompson**  
**Chair**  
**Fermanagh and Omagh**  
**District Council**

"Fermanagh and Omagh District Council is committed to working in partnership with other key stakeholders to improve the quality of life of all the people of the district, and as Chair of the Council, I am delighted to launch this year's programme of activities to celebrate DisAbility Awareness Week and International Day of People with Disabilities.

We are grateful once again for the funding provided by the Public Health Agency to enable us to run such an extensive and varied programme and we are delighted to be collaborating with our colleagues in Derry City and Strabane District Council and with a host of partner organisations to deliver this comprehensive and inclusive programme.

**HSC** Public Health  
Agency  
Project supported by the PHA

**Fiona Teague**  
**Head of Health and Social**  
**Wellbeing Improvement (West)**  
**Public Health Agency**

"The Public Health Agency is delighted to support DisAbility Awareness Week through the innovation of Access Inclusion at Fermanagh and Omagh District Council.

The varied programme will engage and showcase the excellent work going on within the district council area, highlighting the importance of access inclusion to health improvement programmes. This is a welcomed opportunity to remain connected and learn more as to how we can all contribute to making services, programmes and the physical environment more inclusive and accessible for those with disabilities, promoting improvement in both physical and mental health."

# Disability Champions

**Andrew Wilson**  
**Chair**  
**Fermanagh Access**  
**Advisory Group**

'As Chair of the Fermanagh Access Advisory Group, I am delighted to see so many activities and information sessions organised to celebrate people with disabilities and more importantly their ability. It is important that people with disabilities can express their opinions on how to make services more accessible and create a more inclusive society. The Council's Advisory Groups help to support the Council to achieve this for their services and are always looking for new members. If you would like to get involved please contact myself, Gerry or the Council to find out more.

I hope you take part in the activities during DisAbility Awareness Week and find out why it's important that everyone has access to all areas.'

**Gerry Knight**  
**Chair**  
**Omagh Access**  
**Advisory Group**

As Chair of the Omagh Access Advisory Group, I would like to take the opportunity to thank the funders and partners who have helped to organise the week of events.

It is essential that all organisations make changes or put in place support for people with disabilities, so that everyone can access all their services. Andrew, the other members of the Advisory Groups and I play an important role in helping the Council to improve their services. This programme of information sessions and activities will help showcase good practice, share information and provide an opportunity for people with various disabilities to enjoy new activities.

I would encourage everyone to take part in the events and to remember everyone has the ability to make a difference.

## Collecting Moments

Time: 18:00  
Online  
Artform: Dance/Film  
Duration: 34 mins  
Age: All Ages

We are often encouraged to 'live in the moment'. But what happens if we try to capture that moment, then step back into it? Is it ever the same? Or, in the very process of looking back and sharing the experience, does it become something else, something new? Collecting Moments explores these ideas as it reflects on a moment captured in time.

## 'I AM ME' – Presented by the BUD Club

Time: 16:00 - 16:30

Online: YouTube

BUD club educational performance 'I am ME'

This play aimed to highlight the barriers, stereotypes, perceptions and labels young people with disabilities face, raise awareness of disability in our community and provide the young people with a platform to share their real life experiences of living with a disability.

Gavin Melly, Social Inclusion Manager at the Playtrail states, “I am ME” has been a journey, from a simple and powerful idea that young people with disabilities should have choice and control over their lives to enable them to live as full and active members of our community. The belief in a life of isolation and dependency is no longer the case, let’s keep this consigned to history. We are equals, we all need to respect each other for our differences.

## Trigger

Artist: Sinéad O'Donnell

Time: 19:00

Online

Artwork: live art/video

Duration: 26 mins

Age: All ages

PRINCIPAL FUNDER

The University of Atypical has joined forces with Fermanagh and Omagh District Council and Derry City and Strabane District Council for this online screening of Trigger.

This work was performed and recorded live at Flax Art Studios, Belfast as part of Bounce Arts Festival 2021. Trigger is a performance art, film work by artist Sinéad O'Donnell.

Sinéad O'Donnell is one of Northern Ireland's foremost performance artists. She has performed extensively, both nationally and internationally. She often uses her body to investigate both her own and cultural boundaries, particularly in relation to the restrictions placed on women. Despite deliberately avoiding the sensationalisation of the body, her works often promote strong reactions and emotions.

Trigger was created after an extensive period of practice-based research that took place between Belfast and Derry.

O'Donnell states "The global unrest of women's rights and the rise in domestic violence in the world during the pandemic triggered me. My own memory and personal history was triggered and that informed every aspect of the work, from the materials to the structure of the performance. Trigger was a physical manifestation of the empowerment of women pushing through the barriers of their past to face every day as a survivor "

For more information about Sinead's art, visit: [sineadodonnell.com](http://sineadodonnell.com)  
Trigger was commissioned by University of Atypical through the Stability and Renewal Fund from the Arts Council of Northern Ireland through the Department for Communities.
