

Pattern for Neonatal Cannula Sleeves

CANNULA SLEEVES

For use when babies have a drip, to stop them pulling it

Cast on 34sts in any coloured DK with 4 mm needles.....K2 x P2 rib for 40 rows

Next row K2TOG across all stitches, cut yarn and thread through sts and sew up the side.

Cannula Sleeves can also be made for adult patients, however please check with the relevant staff before commencing:
