

Domestic Covid 19 Certificates

As you may be aware COVID19 Domestic certificates will be introduced by the Northern Ireland Dept of Health on 29th November 2021. The Domestic COVIDCert will allow you to show your coronavirus vaccination status to prove that you have had a full course (two doses) of an approved COVID19 vaccine in Northern Ireland. This will be enforceable from 13th December 2021 meaning some hospitality venues will ask for evidence of your vaccination status.

You can apply for a COVID Domestic certificate through the link below at NI Direct Government Services. There are two versions of the Domestic Certificates, electronic and a physical copy.

The electronic certificate is available through the COVIDCertNI App on your smartphone while you can order a physical copy through NIDirect available on telephone: 0300 200 7814

Guides on how to apply are available through the link below.
