

Learning Disability Awareness Week 15th – 21st June 2020

Did you know the theme for this year's Learning Disability Awareness week is the importance of friendships?

Coronavirus has changed the way we spend time with our family, friends and people that our important to us. We have not been able to do things we enjoy with family and friends, such as going to the cinema, having a meal out and going to our social clubs.

There are many ways we can keep on in touch with our family, friends and people important to us such as:

- Telephone
- Writing letters
- Video calls

Can you think of anymore?

I wanted to let you know that I miss visiting you and your family and I hope to be able to visit you soon, when it is safe to do so.

If you do anything to mark this week, and if you would like to share it with us, we may be able to put it on our website and social media sites.
