**IS THE  
SEXUAL  
HEALTH  
CLINIC  
THE RIGHT  
PLACE  
FOR YOU?**

We are happy to have a chat with anyone who has any concerns but just a few of the reasons you may access our services are:

- You are experiencing symptoms\* that might be related to a sexually transmitted infection (STI)  
*(\*e.g. pain on passing urine, discharge (fluid) from the penis/vagina, genital or anal lumps or bumps, abnormal vaginal bleeding)*
- You want a test for sexually transmitted infections (STIs) including chlamydia, gonorrhoea, HIV & syphilis
- You want PrEP – tablets to prevent HIV before you have sex
- Or you need to take PEP – tablets to prevent HIV after you've had sex (within 72 hours)
- You would like vaccinations to help prevent certain viruses (Hepatitis & HPV)
- Free condoms & Lube.
