(1) INFORMATION ABOUT THE POLICY OR PROPOSAL

1.1 Title of policy or proposal

Guidance & Template for developing or reviewing Policies, Procedures, Guidelines & Protocols.

1.2 Description of policy or proposal

This guidance has been developed to assist staff developing policies including clinical policies, procedures, guidelines or protocols. This guidance details 4 key steps which are listed below:-

- How to decide if new arrangements are necessary and what these should be (Section 3.0).
- Issues to be considered prior to commencing development (Section 4.0)
- Approval Process (Section 5.0).
- Template document which details sections to be included (Appendix A).

The guidance has been reviewed as a result of the Governance Review. Recommendation 20 recommended that Corporate Policy could be delegated to a Policy Group. The Policy Group was established in April 2022. This guidance has been modified to reflect same. The Policy Group will monitor progress and compliance with Corporate Policies. Directorates will have the responsibility for monitoring protocols, guidance and Directorate policies. This will be reviewed through Directorate Governance meetings and escalated where appropriate through the assurance framework.

1.3 Main stakeholders affected (internal and external)

For example, staff, actual or potential service users, other public sector organisations, GPs, primary care providers, voluntary and community groups, trade unions or professional organisations or private sector organisations or others. Start to consider how you might involve them in the development of the policy/decision. This will also help you to meet the Trust's obligations under Personal and Public Involvement (PPI).

- All Trust Staff
- Management (represented through the Multi-disciplinary Team (MDT) membership of the Policy Group, and within Directorate Governance meetings)
- Service users should be involved in the development of individual policies/procedures/protocols that are approved through Directorate Governance or The Policy Group- however as this is a procedural document- service user input is not required at this stage.

Corporate Policies has representation from all Directorates and therefore provides an MDT approach. (Quality, Safety and Governance, Performance and Service Improvement (PSI), Allied Health Professionals (AHP), Primary Care of Older Persons (PCOP), Acute, Finance, Adult Mental Health and Learning Disability (AMHLD), Information Governance and Women's & Children's (W&C).

Directorate Governance meetings also have MDT representation. The Equality Screening process should also dictate service user, trade union etc consultation for each individual policy/procedure/protocol.

1.4 Other policies or decisions with a bearing on this policy or proposal

The Integrated Assurance WHSCT Framework

Owner: The Quality and Safety Department within the Medical Directorate.

(2) CONSIDERATION OF EQUALITY AND GOOD RELATIONS ISSUES AND EVIDENCE USED**2.1 Data Gathering**

2.1.1 What information did you use to inform this equality screening? For example, previous consultations, statistics, research, Equality Impact Assessments (EQIAs), complaints, etc.

- WHSCT staffing figures
- Service user population figures (Census 2011)
- Recommendations from the Governance Review (completed in November 2020)- specifically Recommendation 20: *It is recommended that Policy Approval could be delegated to a Policy Sub-Committee (or equivalent) reporting through to CMT, with only those strategic documents or policies which legislation or regional guidance dictates requiring approval by the Board of Directors being submitted to Trust Board for approval.*
- Policy Group Database

2.1.2 How did you involve people?

The Trust requires evidence of engagement with stakeholders to fulfil its statutory obligations under its Equality scheme, Consultation Scheme and Personal and Public Involvement strategy. Provide details of how you involved stakeholders e.g. views of colleagues, service users, carers, Trade Unions, Section 75 groups or other stakeholders.

Consultation and Engagement Statement: In your policy/proposal include a paragraph titled Consultation and Engagement and summarise this section. If there was no engagement, please explain why.

This is a Corporate Guidance within the WHSCT. This guidance will inform the development of all Policies, Protocols, Guidance, Procedures and Protocols. This has a direct effect on patients and service users, therefore this document has went through consultation with Policy Group members which includes the following disciplines:

- Quality, Safety and Governance
- Risk Management
- Nursing
- Performance and service improvement
- Women's and Children's (social work)
- Acute Governance
- Adult Mental Health and Learning Disability
- Finance
- AHP
- Primary Care of Older People
- Information Governance

This document has also went through consultation with the Quality and Standards Sub-Committee which includes the following members:

- Executive Director of Women's and Children's
- Quality, Safety and Governance
- Acute

- Adult Mental Health and Learning Disability
- Social Work
- AHP
- Primary Care & Older

This multi-disciplinary approach has ensured that the content and process is appropriate and easy to follow for all disciplines within the WHSCT.

The Policy Group meet monthly, and will monitor compliance with this document within Corporate Policies. These meetings are minuted.

Directorate Governance procedures (outlined within the Integrated Governance Framework) will monitor compliance through these processes.

2.2 Equality Profile

Who is affected by the policy or proposal? What is the makeup (%) of the affected group? Please provide a statistical profile. Could you improve how you gather Section 75 information? Are there any issues or problems? For example, a lower uptake that needs to be addressed or greater involvement of a particular group? If the policy affects both staff and service users, please provide information on both. If not, merge the 2 columns.

RED: Major impact	☐

Do you consider that this policy or decision needs to be subjected to a full Equality Impact Assessment?

Please tick:

Yes	☐
No	☒

Please give reasons for your decision. (See Guidance Notes, page 28, for sample paragraph).

The guideline will be available on the Trust intranet site, and will be shared with key governance employees within each Directorate.

The Policy Group attendees as listed above will also disseminate through their Directorate as appropriate.

This guideline clearly sets out the roles and responsibilities for staff when drafting/reviewing policies/procedures/ guidelines/protocols etc within section 6.0, and clearly defines same within section 3.2.

The Policy Group supports with all Corporate Policy approvals as per section 5.4

➤ **NOTE: Equality and Human Rights Statement:** The policy/proposal that this screening relates to MUST include the above paragraph. In addition, this paragraph should be used in the briefing note to Trust Board and will also be included in the Trust's Equality Screening Report.

6. EQUALITY AND HUMAN RIGHTS MONITORING

What data will you collect in the future in order to monitor the effect of the policy or

proposal, on any of the equality groups, for equality of opportunity and good relations, disability duties and human rights?

The Policy Group will monitor all Corporate Policies for approval. The Policy Group will ensure that prior to approval, all policies have received Directorate Governance or SMT approval, have the appropriate equality screening forms/rural needs assessment forms completed, and pass The Policy Group approval.

Any queries will be escalated through the assurance framework.

For all Directorate Policies/procedures/guidelines/protocols, this will be managed at Directorate level with oversight on equality screening from PSI Directorate and through the Quality and Safety Governance Manager.
